COMMUNITY SERVICE PROGRAM

HOW CAN YOUR CLUB MAKE A GLOBAL IMPACT?

In a world where half of the population—over three billion people—lives on less than \$2.50 a day, and 21,000 children die each day due to poverty, GFWC encourages clubs to reach beyond their own communities and consider how they can make a global impact.

The GFWC International Outreach Community Service Program is designed to enable members to become better world citizens through advocacy, education, and action, which will, in turn, affect change in and for our global friends and their communities.

In most cases, GFWC members cannot physically be present to assist and make changes in countries around the world; however, members can be assured that the donations made through our partnership agencies are reaching those in the greatest need. There are countless ways to support global development. Consider raising cultural awareness; celebrating ethnicities; conducting fundraising activities to support healthy child development; advocating for basic human needs such as food, water, clothing, and education; and promoting self-sufficiency. Below is a comprehensive list of ideas on how clubs may support the International Outreach Community Service Program.

At Operation Smile, medical volunteers provide safe, effective, and free cleft lip and cleft palate repair surgery for children born all over the world. It is an international medical humanitarian organization dedicated to raising awareness of this life-threatening issue and providing lasting solutions that will allow children to be healed, regardless of financial standing, well into the future. Operation Smile’s free surgeries and medical missions are made possible by the thousands of volunteers and donors, throughout the world, who generously contribute time, talent, and resources to our cause.

Together, GFWC members and Operation Smile will continue to give children new smiles and new lives. Every child healed creates a ripple effect on the child’s family, community, and country. Since 1982, Operation Smile has mobilized a world of generous hearts to heal children’s smiles and transform lives across the globe.

Here is how GFWC and Operation Smile can work together to help a child smile:

- Order the Operation Smile GFWC Information Packet.
- Raise funds to support Operation Smile’s programs to give a child a new smile and hope for a better future.
- Sew and prepare Smile bags, Smile dolls, children’s hospital gowns, blankets and quilts, and armbands for children undergoing surgery.
- Collect needed items and supplies; needs lists are in the information packet.

We all treasure our children’s first moments—their first birthday, first word, first step. Yet millions of children miss out on these moments because they don’t have access to the vaccines they need. Shot@Life, a United Nations Foundation’s campaign, seeks to educate, connect, and empower Americans to champion vaccines in order to save children in developing countries. Every 20 seconds, a child dies of a vaccine-preventable disease like pneumonia, diarrhea, measles, and polio. You can help save a child’s life by encouraging, learning about, advocating for, and donating vaccines.

GFWC clubs can support Shot@Life by:

- Planning advocacy and awareness events around key dates such as World Polio Day (October 24) and World Pneumonia Day (November 12).

- Sending letters to your member of Congress in support of funding for global vaccines.
- Signing the Shot@Life Pledge and adding your voice to the movement of people committed to reducing childhood deaths around the world.
- Donating funds to send life-saving vaccines to children in developing countries.
- Following Shot@Life on Facebook (Shot@Life) and Twitter (@ShotAtLife) to get the most up to date campaign information.

GFWC clubs are invited to support the following UNICEF programs:

- UNICEF’s Healthy Villages Program works with villages in the Democratic Republic of the Congo to support efforts to build and maintain basic systems to provide clean water, a simple latrine for every home, and insecticide-treated mosquito nets in each home. It costs \$5,000 to support a village. All donations will go towards GFWC’s collective efforts. Together, we can create healthy villages throughout the DRC. Contact Lacey Stone for more information, or visit www.unicefusa.org/GFWC.
- Trick-or-Treat for UNICEF is a longstanding program, in which kids across the country collect money to help children of the world survive and grow. To order boxes, go to www.TrickorTreatforUNICEF.org.
